

Serrmi:JA

INDUSTRIES

DISADVANTAGED BUSINESS ENTERPRISE

Serrmi was born out of a need to provide high-quality, customized signal solutions for the railroad industry. Brothers Larry Seward III and Dustin Seward brought Serrmi to Pittsburg, Kansas and have since built a highly qualified team of engineering and manufacturing professionals poised to produce made-to-order product solutions.

RAILROAD PRODUCTS

- Cantilever Systems
- Foldable MLPs
- Wiring Shelters
- Instrument Cases

- Shunt Boxes
- High-Wide Detection Systems
- Batteries
- Retention Walls

CUSTOM FABRICATION

- Laser Cutting System
- PlateProXHD Plasma Table
- Schlatter Wire Fabrication Machine
